### **DETAILED ACTION**

Applicant's amendment filed on 22 August 2005 has been fully considered. Claims 1-9 and 11-19 are allowed.

#### ***Examiner's Statement Of Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

Claims 1-9 and 11-19 are allowed for the reasons stated in the previous Office action mailed 09 June 2005, paper number 062005 and repeated below.

In regards to claims 1-6 and 11-19, the prior art of record fails to disclose or reasonably suggest a spool comprising a hub sandwiched between two flanges where the hub further contains a living hinge forming a cavity in the periphery of the hub, such that during a temperature variation between -40°C to 85°C, the outer surface circumference of the hub changes and therefore changes the size of the opening of the hinge **and** the outer surface diameter of the hub remains substantially constant.

In regards to claims 7-9, the prior art of record fails to disclose or reasonably suggests a method of making a spool comprising forming a hub pipe with a living hinge, cutting off required length of the hub pipe so that the hub pipe has a living hinge, providing two flanges and assembling the hub and the flanges into a spool.

The prior art of record in this application fails to disclose or reasonably suggest a living hinge as part of a hub within a spool where the living hinge changes the outer surface circumference of the hub while the outer surface diameter of the hub remains substantially constant within 0.05%. (Specification [0024]).

The closest prior art of record is AAPA and U.S. Patent 5,802,237 to Pulido relied upon in the rejections made in the previous Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tina M. Wong whose telephone number is (571) 272-2352. The examiner can normally be reached on Monday-Friday 8:30-5:30.
